

# General tools

Name: \_\_\_\_\_

Class: \_\_\_\_\_

Date: March 23rd, 2020.-

## Get ready!

1 Before you read the passage, talk about these questions.

- How could some of the tools in the pictures be useful for electricians?
- Why is it important to have a well-equipped tool kit?

## Reading

2 Read the page from the company manual. Then, mark the following statements as true (T) or false (F).

- \_\_\_ Employees can buy the tools at hardware stores.
- \_\_\_ Side cutters and diagonal cutters are needed in the tool kit.
- \_\_\_ Wire strippers are used for cutting and pulling wire.

## Vocabulary

3 Write a word that is similar in meaning to the underlined part.

- Jack forgot his pliers that are only used for cutting wire at the job site.  
\_ \_ \_ a \_ \_ \_ \_ \_ \_ \_ \_ \_ \_
- A small, battery operated light is good for seeing in dark spaces. \_ l \_ \_ h \_ \_ g \_ \_
- Mary used a tool with a thin, sharp slanted blade to cut open the box.  
\_ t \_ \_ \_ t \_ \_ \_ \_ f \_
- The electrician bought a tool used for pulling out staples for his kit.  
\_ n \_ \_ \_ t \_ \_ \_ \_ p \_ \_ e \_ \_

4 Match the words (1-6) with the definitions (A-F).

- |                    |                        |
|--------------------|------------------------|
| 1 ___ tool kit     | 4 ___ long nose pliers |
| 2 ___ side cutters | 5 ___ measuring tape   |
| 3 ___ screwdriver  | 6 ___ wire stripper    |

- a tool with blades able to grip or cut wires
- a tool used to tighten or loosen screws
- a tool for cutting, twisting or pulling wires
- a tool used to pull the covering off of wires
- a tool used for finding the length of an object
- a bag or box used to hold a set of tools

**Talbot**  
Electrical Services

## Employee Manual

### Section 2.1 Tools Needed

All employees of Talbot Electrical Services will bring their own **tool kits**. Tool kits need to contain the basic tools needed for electrical jobs. These basic tools are sold at most hardware stores.

Pliers are needed for pulling and cutting wires. Your kit needs to include **long nose pliers** and **end cutting pliers**. **Side cutters** and **diagonal cutters** are recommended.

You must have **wire strippers** in your kit. Make sure they are able to strip the most common wires. You will also need several types of **screwdrivers** on the job.

A **flashlight**, **measuring tape** and **utility knife** will round out your kit.
